Cheshire Boutique Barns

Unique Boutique 5* Retreats

Dogs at Cheshire Boutique Barns –
please read carefully before booking.

We love dogs and therefore we like to be as accommodating as possible however for the comfort and convenience of all our guests we ask ….

a) Pets are not permitted to bark inside the properties or disturb other guests in any other way. N.B. Please note that although your dog may not usually be prone to barking, when in a strange environment and noises can be heard outside they may behave differently. If this were to happen and other guests were to be disturbed your damages deposit may be used as compensation. We trust that you are the best judge of your dog so if you feel barking could be an issue in these circumstances, we politely ask that you don't bring him/her with you as we must prioritise the quiet enjoyment of the barns for all guests and loss of damages deposit can offend.
b) Pets are only permitted in The Cowshed.
c) No more than 1 small dog permitted
d) Pets are never left in the properties alone
e) Pets are kept on a lead at all times when outside of the properties as there are sheep and free range chickens on site.
f) Pets are not permitted to go on any of the furniture/beds/sofas etc.
g) Pets never upset other guests or pose a safety risk in anyway.

Fees:

There is a fee of **£25** per pet per night plus a fully refundable damages deposit of **£200** damages deposit. This will be refunded in full providing **all of** the above conditions are all adhered to. By booking for a pet to stay you agree to the terms of this pet policy.

Please note: All of our properties are fully open plan both upstairs and down. There is also limited facilities to walk pets directly from the barns however we are just 6 miles from the National Trust hills of Bickerton and Burwardsley and ½ mile from the canal with great walks in each direction. Both our nearest pubs are dog friendly.
